If the projector is suspended from a ceiling or wall mount and installed in an environment with heavy oil smoke or places where oils or chemicals are volatilized, or where aroma oils are frequently burned, it can make certain parts of our products susceptible to a material degradation which over time could break and cause the projector to drop from the ceiling.

If you are concerned about the environment in which your projector is installed, or if you have any other questions, please contact our support department and they can provide additional assistance.

Description: *Supply and Installation of Projector*

Note.

- Above are the minimum specs hence the projector **MUST** meet or provide higher specs. The site survey will be on Tuesday 4th June 2019 at 3PM to understand the scope of works as per the address provided below.
- Successful installation of the cable will be mandatory before supply of the Projector thus the site survey is crucial and mandatory.
- The HDMI cable will be provisioned by KenGen SRBS thus the quote is installation only for the HDMI cable.
- The mount for the projector is on site and thus the supplier will use the same to mount the projector supplied.

Kindly indicate the RFQ number & tender name (description) on the envelope.
